Create create a birthday wish website code in html. Use confetti animation and it mobile friendly with this pic
Nice idea! A birthday wish website with confetti and her photos will look really special. 🎉
Below is a mobile-friendly HTML page with:
🎊 Confetti animation
📱 Responsive (works on phone)
🖼️ Photo gallery using the images
🎂 Birthday message
Just save this as birthday.html and put the photos in the same folder.
Birthday Wish Website (HTML Code)
Happy Birthday 🎉

🎂 Happy Birthday 🎉

Wishing you a day filled with happiness, laughter and love. You are truly special and deserve all the joy in the world. May this year bring you success, smiles and beautiful memories. 💖

Celebrate 🎊
